It's here! A toolkit for providing comprehensive #SRH in crisis-affected settings. This step-by-step guide for humanitarian workers is a must when planning to transition from #MISP to comprehensive #reprohealth services. <https://bit.ly/2QYm56k> #Humanitarian4Her @WHO @UNFPA

1/2 We know people living in crisis settings need access to #SRH care & that's why #MISP outlines priority lifesaving sexual & #reprohealth interventions. But how do humanitarian organizations move from priority interventions to comprehensive care? <https://bit.ly/2QYm56k> @WHO @UNFPA

2/2 Now humanitarian workers can use this @IAWG_RH @WHO @UNFPA toolkit for a step-by-step guide in planning the transition from #MISP to comprehensive sexual & reproductive health #SRH services. <https://bit.ly/2QYm56k> #Humanitarian4Her

.@IAWG_RH's Training Partnership Initiative #TPI understands the need for humanitarian staff to help guide stakeholders & partners in planning to transition from #MISP to comprehensive #reprohealth services. Check out the new #SRH toolkit <https://bit.ly/2QYm56k> @WHO @UNFPA

The sixth objective of the #MISP is transitioning to comprehensive #SRH services, but it has always been challenging! Get familiar with this advanced toolkit that walks #Humanitarian workers through the planning process <https://bit.ly/2QYm56k> #Humanitarian4Her @WHO @UNFPA

2 SUGGESTED ALT TEXT: TEXT GRAPHIC EXPLAINS THE THREE PHASES OF THE WORKSHOP, FOUND IN THE FACILITATOR'S GUIDE

The new #SRH toolkit from @IAWG_RH @WHO @UNFPA helps to:

- ✓ Guide humanitarian partners in planning to transition from the #MISP to comprehensive #reprohealth services
- ✓ Train facilitators in how to run the planning workshop successfully

<https://bit.ly/2QYm56k>

The new #SRH toolkit from @IAWG_RH + @WHO + @UNFPA = a must for NGOs working in crisis settings because we know access to comprehensive #reprohealth services is essential. <https://bit.ly/2QYm56k> #Humanitarian4Her

New toolkit from @IAWG_RH @WHO @UNFPA includes:

- ✓ facilitator's guide
- ✓ participant workbook
- ✓ interactive PowerPoint presentation

✓ editable templates

It helps humanitarian workers transition from #MISP to providing comprehensive #reprohealth services <https://bit.ly/2QYm56k>

#IAWG has just co-launched a new toolkit that provides step-by-step guidance for SRH coordinators to facilitate in-country workshops that guide partners in planning to transition from the Minimum Initial Service Package (MISP) for SRH to comprehensive SRH. It can also be used to train facilitators in how to run the workshop. <https://bit.ly/2Ob87Nh>

This toolkit was co-created with by IAWG, Global Health Cluster, UNFPA, and WHO.

In a crisis, providing #SRH is vital in preventing death and illness. The #IAWG Training Partnership Initiative #TPI has launched a step-by-step guide to assist humanitarian workers in transitioning from the Minimum Initial Service Package #MISP to providing comprehensive sexual and reproductive health #CSRH in crisis-affected settings. <https://bit.ly/2Ob87Nh>

This toolkit was co-created with by IAWG, Global Health Cluster, UNFPA, and WHO.

This toolkit was co-created with by IAWG, Global Health Cluster, UNFPA, and WHO.

WORKSHOP SCHEDULE

Phase I	Pre-workshop Preparation
Phase II	<ol style="list-style-type: none"> 1. Setting a common understanding 2. Mapping needs and opportunities related to comprehensive SRH 3. Setting planning priorities for comprehensive SRH 4. Teamwork on agreed planning priorities for comprehensive SRH 5. Reporting back and finding synergies
Phase III	Post-workshop

4 SUGGESTED ALT TEXT: TEXT GRAPHIC EXPLAINS THE THREE PHASES OF THE WORKSHOP, FOUND IN THE FACILITATOR'S GUIDE

We know people living in crisis settings need access to sexual and reproductive health #SRH services and that's why the Minimum Initial Service Package #MISP for SRH outlines priority lifesaving interventions. But how do humanitarian organizations transition from minimum services to comprehensive #SRH services? Humanitarian workers can use IAWG's new for a step-by-step guide in planning the transition to comprehensive reproductive health services. <https://bit.ly/2Ob87Nh>

This toolkit was co-created with by IAWG, Global Health Cluster, UNFPA, and WHO.
